

Total Page Likes as of Today: 767

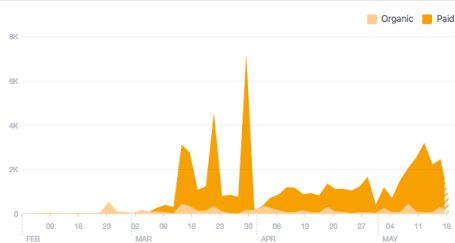

Net Likes

Net likes shows the number of new likes minus the number of unlikes.

Post Reach

The number of people your posts were served to.

SUCCESS STORY

Bill's Organic Gardens turned to ADM to handle their Facebook management in Mid-February, 2017. We were able increase the number of people who "like" their Facebook page from 183 to 767 in less than 3 months.

In that time, we increased the number of people reached from an average of a dozen-or-so per day more than 3,000 per day.
